**WHAT DO EXHIBITORS & ATTENDEES HAVE TO SAY
ABOUT ALL WIRELESS & PREPAID EXPO 2022?**

This year's expo was by far one of the best events we have exhibited at. It's always great to meet with passionate repair shop owners and wireless stores looking to enter the market with a complete and innovative system. They are the reason we do what we do and this expo only brings all of us closer in the industry to build a growth ecosystem. We commend the efforts of the organizers who managed everything seamlessly and helped RepairDesk make an impact from across the world.

-- Usman Butt, CEO, RepairDesk

"Great Expo! It's grass roots events like this that make the prepaid industry what it is today."

-- Peter Adderton, Founder, Boost Mobile & CEO, MobileX

As a team, we are sold on the importance of the All Wireless and Prepaid Expo. The Expo is a must-attend event for anyone looking to build a network with some of the most important companies in the North American prepaid market. Whether you are a device wholesaler, spare parts manufacturer, repair business, accessory vendor, or anything in between, the Expo is the perfect place to converse with people from within the same industry.

-- Hayden Signore, Inside Sales Representative, Fixably

H2O Wireless would like to thank the organizers of the 2022 All Wireless & Prepaid Expo. It was well planned and organized, and the breakout sessions were highly informative. We were able to connect and showcase our business to potential Master Dealers and Retailers that will positively impact our continued growth in the Telecom industry.

-- Jacqueline Cummings, Channel Marketing Manager, Telrite Holdings

AWPE is very well organized, and the support is Ultra-robust which makes it easy for exhibitors to plan and execute with little to no hitches. It is Ultra-awesome that the Wireless Prepaid industry has this conference as it gives Retailers a great opportunity to meet directly with companies that can help their business grow.

-- Anthony Scalanga, Senior Director, Channel Development, Ultra Mobile

All Wireless & Prepaid Expo consistently provides us the best return compared to any other shows. Most trade shows our goal is to break even, but just get our name out there. With AWPE we always outperform our ROI. This year was the best yet. Injured Gadgets immediately secured multiple large scale clients from the show. We brought around 25 machines with us, expecting to sell out over the 2 day period, but instead we sold out in the first 2 hours on day 1. We can't wait to exhibit year after year! Thank you for holding the best wireless show in the industry!

-- Shay Kripalani, CEO, Injured Gadgets

All Wireless & Prepaid Expo 2022 was the very first tradeshow that our company has attended as an Exhibitor and it was a massive success. Leading up to the event we were provided with the best communication from the Event Coordinator to ensure we had everything we needed to have a successful event. Our Sales Team did a great job sharing about our organization to the large number of attendees and we even had the privilege of connecting with some of our current customers and partners in the Prepaid Wireless sector. This event provided our company with highly qualified leads that clearly met our target market and we were able to welcome new customers to #MarcecoNation. The event also had trainings that were enlightening and allowed the Marceco Leadership Team to learn about prepaid trends and analytics. We are already looking forward to attending next year, and many years to come. Thank you so much All Wireless & Prepaid Expo Team.

-- Lindsay Brand, Marketing Coordinator, Marceco

AWPE is the next big thing in the wireless Industry. Especially when it comes to Phones. We have seen this show grow and expect that this coming year it will be even bigger. Customers and Vendors from all over the US and South America, including MVNO and Prepaid dealers looking for new Vendors. The conversations were so powerful, and we felt the energy everywhere. AWPE 2022 has been an amazing successful launch for our new Dealer website www.mog5.com where prepaid dealers and wholesalers can purchase phones directly online. AWPE has put us on the map which we didn't even know existed.

-- Numan Haider, CEO, BizGo Technologies

All Wireless & Prepaid Expo was hands down an excellent conference for us and one of the best in our industry. We were able to connect with many of our current customers and open new opportunities. Everything from the planning, venue, organization, and execution was a fantastic experience. Thank you again, AWPE team!

-- Moosa Raza, Director of Operations, MobileSentrix

Our team recently exhibited at the 2022 AWPE event in Vegas. We were thrilled to see many of our current partners at the show and were impressed with all of the new companies we were able to meet. Thanks to everyone on the AWPE team for the opportunity and putting on such a successful event! We look forward to 2023's show!

-- Ed Hugener, Head of Cellular Partnerships, AKKO

AirVoice Wireless and HTH Communications had the pleasure of sponsoring the 2022 All Wireless and Prepaid Expo in Las Vegas. Although we've attended numerous previous shows, it was our first time exhibiting. It was a fun, high-energy experience! We were especially excited to talk to current and potential future clients about AirVoice Wireless, which HTH acquired earlier this year. We look forward to next year's Expo when we can catch up with current customers and meet new ones.

-- Emily Shelton, Marketing & Sales Manager, HTH Communications

All Wireless & Prepaid Expo was such a well-run event, and we made so many great connections. Leading up to the event, Lisa was very communicative and put our minds at ease with preparing for such a large event. The size and layout of this show allowed us to get to know some new faces in our industry, as well as meet with old friends. The show helped us create brand awareness and is one that we absolutely have on our schedule for next year!

-- Stephanie Bacue, Director of Training & Support, Mobile Outfitters

I've been attending and exhibiting at All Wireless & Prepaid Expo since 2008. Not only is it one of the most important events for the industry, as it attracts diverse crowd of small businesses and enterprises alike, but it continues to improve and grow number of exhibitors and attendees year after year.

-- Nate Moshkovich, CEO, Clearline Mobile

AWPE 2022 was amazing for Telgoo5. We met a lot of partners, prospects and customers. The show had a great turnout, and we came back with several deals and closed contracts. It's important to network with peers in the telecom industry and AWPE provides the perfect platform to get your name out and know everyone in the industry. It's a great investment and we look forward to the show next year.

-- Sandip (Sandy) Mehra, President, Telgoo 5

AWPE 2022 was an outstanding event for us once again. It afforded cellhelmet the opportunity to meet many potential new prospects and connect with many of our existing partners in a great environment. It has been exciting to see the show continue to grow and support our ever-changing wireless channel. The team at cellhelmet is looking forward to seeing what develops for 2023!

-- Lee Terkel, Executive Vice President, cellhelmet

All Wireless & Prepaid Expo IS our favorite event of the year. Lisa, Robin & the team put on a superb event that is run like a fine-tuned machine. As an exhibitor for the past 3 years, AWPE has always gone above and beyond to cater to our booth needs, and just as importantly the attendees, by providing all the tools needed to have a great visit with an added bonus of delicious food, snacks & beverages. It truly is a 1st class event from beginning to end! AWPE, as a whole, encompasses/targets the mobility retail & distribution sectors across all wireless categories bringing buyers, retailers & distributors alike in order to help us all continue reaching our annual quotas & goals

-- Jonathan Clough, Director of International Sales & Marketing, Surplus Giant, Inc.

epay has been an active participant at All Wireless & Prepaid Expo for more than 10 years, and proud to be a Platinum Sponsor this year. It has become THE industry event to participate in and this year was the best show yet. If you're selling prepaid wireless in your store, you need to be at this show!

-- Marc Watley, Head of Marketing, epay North America

T-CETRA/VIDAPAY has been a loyal sponsor of All Wireless & Prepaid Expo (14 years running!) because we know the show consistently knocks it out of the park with high-quality content, excellent attendance by our dealers, master agents and carrier partners and the utmost professionalism by the trade show staff. AWPE is the one show we ALWAYS sponsor and attend because it provides us with the perfect bullseye to build and foster relationships with our key customers and to showcase new VIDAPAY innovations.

-- Kristine Gross, VP, Growth & Marketing, T-CETRA/VIDAPAY

WOW! What can I say? Shout out to AWPE 2022! This was the third time I have attended, and I have to say it was the best one yet! We decided to have our Leadership Summit in Vegas this year to coincide with the Expo and I am so happy we did. The team got to experience the Expo, meet a ton of great vendors, foster some potential vendor relationships, and strengthen some of our current relationships with folks we do business with already. The conference speakers were great as always and the set up for the show was First Class. Thank you AWPE for an experience my Team will never forget! We will definitely be back next year!

-- Daniel Caballero, VP of Sales, GMET Communications

First let me start by saying this year's expo was fantastic. I acquired several good contacts as well as reaffirmed some old ones.

-- Stan Schley, Owner, RepairTech360

I'm a sole-proprietor business competing in Southern California, and the tools & techniques that I've learned at AWPE have put me ahead of the curve in quality repairs!

-- Jarrod Tiede, Owner, TehachaScreens

Meeting the people behind the scenes of the companies that we utilize was awesome. As well as all the swag. It was also great to find future companies to work with. We are currently working with 3 New companies from the expo and we look forward to seeing what next year has to offer.

-- Samantha Thompson, Sales Manager, iPhixShop LLC
