WHAT DO EXHIBITORS HAVE TO SAY ABOUT ALL WIRELESS & PREPAID EXPO?

Wonderfully organized, informative seminars, and relevant attendees. I plan to exhibit or attend every year.

-- Alex Marouf, Esq, Vice President, SF Cellular

While other wireless trade shows can be a chaotic frenzy, the All Wireless and Prepaid Expo has filtered out the noise to bring the perfect balance for exhibitors and attendees.

-- Skylar Evans, Director of Marketing, Mycoolcell & Gold Sponsor

The 2019 All Wireless & Prepaid Expo show was amazing! The networking was great and allowed us to make some awesome contacts. Attending the show is a great way to keep up with industry trends.

-- Neil Fattah, Xpress Prepaid

AWPE allows us to reach dealers that we typically couldn't reach over other platforms, so it was a great opportunity for us. We enjoy meeting with our potential partners and the expo allows us to stay connected and informed. Looking forward to 2020!

-- Nichole Saunders, Director of Support & Administration, MegaTel Wireless & Gold Sponsor

As the industry expands, this event provides an excellent opportunity to not only meet the dealers working on the front lines providing these services & products to our customers, but also to interact with other companies and innovators who continue to evolve the landscape of the wireless world.

-- Josh Honeycutt, Operations Manager, United Wireless Group & Silver Sponsor

We have exhibited at All Wireless & Prepaid Expo for many years, and have seen solid return on our investment to date. There has been a healthy mix of education, interaction, and a growing vendor show, all of which provide value.

-- Lee Terkel, VP of Sales and Marketing, cellhelmet & Silver Sponsor

As leaders in the wireless repair supply chain industry, we had a great experience meeting new clients and connecting with current ones. The expo was a mixed space, but perfect for us since we sell parts, accessories, and devices.

-- The MobileSentry Team

Your show is a very focused event, which gave our company high exposure to the MVNOs and master dealers, and brought a lot of new businesses for us. We are looking forward to next year's event.

-- David Arredondo, CRO, hubx

We always find that the attendees are much more responsive at the All Wireless compared to other industry events. The show has grown every single year and the organizers are so involved and welcoming.

-- Shay Kripalani, CEO, Injured Gadgets

AWPE has always allowed us to display our hottest innovations. This is the place to grow your business, drive global change in the industry, and meet with your existing/new clients.

-- Ahmed Abusharbain, President & CEO, Unlimited Prepay Distribution

All Wireless & Prepaid Expo Show was a great success for our company. We were able to get in front of new prospects from all over the country. The show days and times were perfect. It's a great place to connect and the environment provides the opportunities to do that.

-- Jonathan Clough, Surplus Giant

AWPE was a great experience and looks to be a successful turnout for Ghostek. It was my first time exhibiting at this event and I think I will attend the future ones, as well. I was able to connect and also reconnect with retailers. It was a good networking opportunity for Ghostek as we work on expanding the brand and its exposure.

-- Vadim Abramov, Director of Sales, Ghostek

All Wireless & Prepaid Expo has evolved into THE go-to show for the Prepaid Industry. There's no other show that caters specifically to our audience the way AWPE does. This is our chance to connect with our partners, all under one roof. It's always impressive to see how much we're able to accomplish in a relatively short amount of time.

-- Alex Avery, Director of Marketing, VIDAPAY & Platinum Sponsor

The event always provides a more intimate environment to network with potential partners, close business deals and unlock new opportunities to expand your reach in the industry.

-- Jeff Holley, CEO, boom! Mobile & Gold Sponsor

All Wireless & Prepaid Expo is growing, and becoming a new spot for the wireless industry to meet, great and talk business. For some time the wireless industry was missing this very focused show for cellphone and accessories wholesalers, retailers and online distributors.

-- Aaron Sidd, ERP Gold
