WHAT DO EXHIBITORS HAVE TO SAY ABOUT ALL WIRELESS & PREPAID EXPO?

As a TracFone Authorized Master agent, we continually seek ways to meet potential dealers and connect with our existing dealers. The All Wireless & Prepaid Expo allows us to do that by bringing together entrepreneurs, business owners, and industry experts under one roof each year.

-- Hugo Flores, Marketing Coordinator, Modern Wireless

Let's call this what it is - the biggest business event for the wireless industry in the US. It's one of the most exciting events I've been to and I'll definitely be back next year.

-- Nate, Moshkovich, CEO, ClearLine Mobile

AWPE is a trade show cornerstone for wireless dealers, parts wholesalers, and businesses within the prepaid and repair industries. Each consecutive year is more in abundance of opportunities for networking and learning, as well as getting to see the cutting edge of each respective industry involved. This expo cannot be missed by anyone looking to grow themselves and their business.

-- The Injured Gadgets Team

The conversations were so real, we felt the energy in every corner, and it was amazing to see many NEW businesses and faces in the hall. If you are in the prepaid, cell phone repair, accessories, TSP, airtime, MVNOs, wireless carriers, or social media and digital marketing industries, then you should attend All Wireless & Prepaid Expo.

-- Ahmed Abusharbain, CEO, Unlimited Prepay Distribution

All Wireless & Prepaid Expo 2021 has been an amazing success by enabling PCS Wireless to successfully launch our dropship program with MNVO's and Master Dealers. We have AWPE to thank for providing the platform to create the connection.

-- Kelly Heyman, PCS Wireless

With COVID still lingering, we didn't know what to expect heading into All Wireless & Prepaid Expo. We were very impressed with the attendance and schedule of the expo. You really got to engage with all wireless attendees and vendors face-to-face and establish your network.

-- Andre Riley, Chief Revenue Officer, Arcade

AWPE 2021 was an amazing event bringing together industry participants across the entirety of the cellular ecosystem. It was our first year at AWPE, and as a silver sponsor we thought the engagement and excitement of both attendees and fellow exhibitors exceeded our expectations. We will be back next year!

-- Eric Schneider, AKKO

The 2021 show was the best turnout we've witnessed and we've exhibited for a number of years. We were thrilled with the diversity, quantity and quality of organizations exhibiting and walking the show floor. We will for sure be participating in 2022!

-- CJ Wilson, cellhelmet

No other expo in the prepaid industry is able to offer the same quality and quantity of attendees and fellow exhibitors. All Wireless & Prepaid Expo provides THE best opportunity to connect with partners as well as get a pulse on the industry through events and education. For VIDAPAY, it's a "must" event every year.

-- Kristine Gross, VP Growth and Marketing, VIDAPAY

Were it not for the show sponsors, exhibitors, and mostly for the dedication of AWPE to ensure this show not only survived and recovered (in a VERY BIG WAY!), our industry would have lost a very valuable partner and asset to us all. This was one of the MOST successful, if not the MOST successful show, you have hosted over the last 15 years or so that I have attended!

-- Chris Greene, Unwired

2021 was our first year to exhibit at All Wireless & Prepaid Expo. Overall the attendance and quality of attendees was better than expected.

-- Jeremy Buford, WGP

Valor has exhibited at AWPE regularly. The turnout for 2021 was full of relevant clientele which created many potential opportunities, newfound relationships and solidified previous connections in a productive way. We appreciated the ability to put our value on display, and as a result, achieved very positive feedback, which provided overall benefit to our business.

-- Britt Purvis, VP of Sales, Valor Communication, Inc.

AWPE 2021 was amazing for us. With Covid and travel slowing things down, it was truly incredible for Telgoo5 to meet existing customers and partners again. We generated a lot of good leads and the footfall of the show exceeded our expectations. It's important for the prepaid industry because we have the entire ecosystem of the prepaid industry at one place.

-- Sandy Mehra, Telgoo5

During these unprecedented times, All Wireless & Prepaid Expo is a wonderful opportunity to stay connected with those in our industry. It was an incredible resource for us to stay connected with both potential partners and customers of our products. It was Phone Daddy's first time there but we are looking forward to further building relationships with the clients we've received and will continue to receive in future expos. We're proud to sponsor and participate in this exclusive event.

-- Richard Nguyen, PhoneDaddy

AWPE helped boost our brand recognition among wireless dealer and repair shop owners and c-suite executives. It also helped us reach decision making individuals with the live demo of our industry leading screen protection solution. We sold out of our ScreenFilm 2.0 systems on the second day, and have sold many more systems post-show from connections made.

-- Mark Pauley, Axiom Armor

We have been an exhibitor @AWPE for over 5 years in a row now... and it keeps getting better! This show is the mobility hub for retail & distribution. This past show in August has produced over 6 new accounts already including national retail cellphone chains along with wholesale distributors. The handshakes made, information exchanged & face to face interaction with the decision makers is what sets this event apart. We look forward to locking in our premium booth for 2022 ASAP!! Hope to meet you there.

-- Jonathan Clough, Surplus Giant, Inc.
