MANAGED MOBILITY

Granites Managed Mobility Solution is designed to manage the nuances of a complex multi-carrier wireless environment. Simplify your mobile environment through a single Centralized Management Platform. Realize operational efficiencies and cost savings while gaining control of your wireless environment.

FEATURES

- **Life-Cycle Management:** Complete management from order to invoice. Enforce wireless policy though a simple and customized portal, offering multi-carrier provisioning and change management support, real time inventory and expense tracking.
- **Expense Management:** Viability and control over wireless spend. Detailed analysis, reporting and optimization. Carrier data management, invoice audit, and usage analysis and coast allocation.
- **Help Desk:** Tier 1 Help desk with a dedicated toll free and chat. Outsource IT management of How-To, Connectivity, Lost/Stolen and application support. BYOD and end user support.
- **System Integration:** Drive business value by fully Integrating into Procurement, Human Resources, IT, Accounts Payable, and Travel systems.

GRANITE VISION ADVANTAGE

- **Control** - Centrally Manage Equipment, Plans , Usage, and Spend. Enforce mobile policy while enabling end-user control
- **Optimization** - Employ proven optimization strategies. Full analytic view and streamlined business process
- **Proven Results** - Reduce Costs and Save Time, Improve Efficiency, Improve End-Use Productivity
